Additional Information

PREFATORY QUESTIONNAIRE: To get you ready for the meeting and able to participate in the Workplace Personality Traits segment, please take 20 minutes to answer a short questionnaire prior to the meeting. The presenter needs time to collect and analyze the responses – in addition to be able to return to you an individualized report. The questionnaire opens by asking you for contact information and then moves to questions/statements that describe your behavior, at home and work. Answering the questionnaire isn't mandatory – but we encourage all our members to participate. When answering the questionnaire, focus on how you see yourself communicating with others in a professional and casual work environment. The questionnaire should take no longer than 20 minutes and we recommend completing it uninterrupted. Go with your gut feelings and don't over-analyze the questions. There are no right or wrong answers -- since these are not psychometric tests. Just enjoy the process and look forward to learning more about yourself and others at the meeting.

Lunch is scheduled for 45 minutes and in addition to eating, we will be using the time to discuss the individualized surveys in more detail and get to know others on your crime analysis team So the presentation will continue as you are enjoying your food.

PARKING: Parking is available on the upper deck of the municipal parking structure located on the north side of Cinnabar (across from the Public Safety Administration Building). Once inside the building, please proceed upstairs for the meeting. There will be signage in the lobby directing you upstairs to the meeting.
